Munich is the gateway to the German Alps. With its modern international airport, Munich is a perfect place where no filter is needed!

An hour south of Munich lies Hallstatt. A postcard come to life. The village sits on a vast, tranquil Hallstättersee lake and is one of the most photographed places in Austria. For architecture and mellow pace, life in this valley feels like another world. For panoramic views of the Alps, the picturesque town of Zell am See is nestled between forested mountains. A single church spire rises from the whispering forests, and rushing Zugspitze Glacier. Meanwhile, the Zugspitze, Germany's tallest peak, is framed by dramatic peaks, clinging snow and eternal ice of the Zugspitze Glacier. For an original English design – and in doing so captures a balance that is architecturally arresting and a temporary home to the blondes of the Alpen Pop art.
